

# CROWDSTRIKE & CDW

# Orchestrated cloud-delivered endpoint solutions to stop cybersecurity breaches

## NEXT-GEN ENDPOINT SOLUTION:

Combining CDW's industry-leading experience providing custom cybersecurity solutions for the world's largest organizations and CrowdStrike's industry-leading cloud-delivered endpoint solution, it is clear to see why our partnership has grown extensively since its inception in early 2016.

Better together, we will continue to stand behind our claim to provide complete protection, unrivaled visibility, and ultimate ease of use to stop cybersecurity breaches on any device on your network.

## CDW + CROWDSTRIKE PARTNERSHIP:

- 37 CDW sales & technical resources hold CrowdStrike accreditations
- CDW holds Elite Partner status with CrowdStrike
- CrowdStrike holds Gold Partner status with CDW
- Quarterly sales and technical trainings on-site at CDW
- 7 CrowdStrike resources exclusively dedicated to CDW
  - National Account Manager
  - Regional Solution Architect
  - 5 Channel Account Managers

### Fast and Easy AV Replacement

Works on Day One  
Zero impact on the endpoint  
Automatically kept up to date  
with cloud-native architecture  
Operates seamlessly as you  
migrate.

### Better Protection

More than AV replacement. Protect  
against all types of attacks, respond  
and optimize defenses - and your  
team - with integrated Threat  
Intelligence.

### Better Performance

Lightweight agent doesn't slow down  
your endpoints.

### Immediate Time-to-Value

Eliminate complexity and simplify  
your security stack. Deploy in record  
time and be immediately operational
