CrowdStrike Falcon® Endpoint Protection Pro offers the ideal AV replacement solution by combining the most effective prevention technologies and full attack visibility with built-in threat intelligence and response. It’s powered by the cloud and a single lightweight agent that operates without the need for constant signature updates, on-premises management infrastructure or complex integrations, making it fast and easy to replace your AV and get even more: superior prevention, integrated threat intelligence and immediate response.

**KEY PRODUCT CAPABILITIES**

**AI-POWERED NGAV**
- Protects against the entire spectrum without requiring daily and cumbersome updates
- Combines the best prevention technologies, including machine learning, AI, indicators of attack (IOAs), exploit blocking and more, to stop ransomware as well as malware-free and fileless attacks
- Covers the gaps left by legacy AV
- Fully protects endpoints both online and offline

**FULL ATTACK VISIBILITY**
- Unravels an entire attack in one easy-to-grasp process tree enriched with contextual and threat intelligence data
- Provides unparalleled alert context and visibility
- Keeps detection details for 90 days

**KEY BENEFITS**

- Enables you to migrate with confidence
- Replaces AV quickly and easily
- Simplifies endpoint protection
- Protects against the entire attack spectrum

**UPGRADE TO CUTTING-EDGE DEFENSES**

Provides true next-gen AV with integrated threat intelligence and response.
INTEGRATED THREAT INTELLIGENCE

- Enables you to fully understand the threats in your environment and easily prioritize responses with threat severity assessment
- Eliminates guesswork and uncertainty so you can respond to threats decisively
- Automatically determines the scope and impact of threats found in your environment

CONTROL AND Respond

- Provides powerful response action to contain and investigate compromised systems
- Ensures on-the-fly remote endpoint access for immediate action with surgical precision

EASIEST AV REPLACEMENT

Works on Day One: Deploys and is operational in minutes with a single, lightweight agent — no tuning or reboot required

Virtually zero impact on the endpoint — from initial installation to ongoing day-to-day use

Automatically kept up to date with cloud-native architecture

Operates seamlessly alongside AV, as you migrate

ABOUT CROWDSTRIKE

CrowdStrike® Inc., a global cybersecurity leader, is redefining security for the cloud era with an endpoint protection platform built from the ground up to stop breaches. The CrowdStrike Falcon® platform’s single lightweight-agent architecture leverages cloud-scale artificial intelligence (AI) and offers real-time protection and visibility across the enterprise, preventing attacks on endpoints on or off the network. Powered by the proprietary CrowdStrike Threat Graph®, CrowdStrike Falcon correlates over two trillion endpoint-related events per week in real time from across the globe, fueling one of the world’s most advanced data platforms for security.
