

FALCON COMPLETE FOR HEALTHCARE ORGANIZATIONS

Comprehensive endpoint security and unrivaled simplicity — guaranteed

FALCON COMPLETE FOR HEALTHCARE ORGANIZATIONS

TURNKEY ENDPOINT SECURITY FOR HEALTHCARE ORGANIZATIONS THAT INCLUDES THE ONLY BREACH PREVENTION WARRANTY OF ITS KIND

A truly effective endpoint security solution requires a holistic approach. However, many healthcare organizations struggle to implement a comprehensive program because they lack the time and expertise, and the costs are too high. Recent studies* have shown that nearly 60 percent of healthcare organizations and their service vendors feel that their security budget is sufficient to prevent and curtail a data breach. In addition, more than 50 percent of healthcare organizations do not feel that their incident response (IR) process and team have adequate funding and resources.

Falcon Complete™ solves this problem by adding a team of security experts to handle every aspect of CrowdStrike Falcon® endpoint security technology for you. This powerful combination of people, processes and technology brings you to the highest level of endpoint security maturity without the burden of building it yourself.

THE FALCON COMPLETE SOLUTION INCLUDES:

Falcon Prevent™	Falcon Insight™	Falcon Discover™	Falcon OverWatch™
Next-generation antivirus, machine learning (ML), exploit blocking, indicator of attack (IOA) behavioral analysis and more	Endpoint detection and response (EDR)	IT hygiene and asset inventory	24/7 managed threat hunting with managed detection and response (MDR)

THE FALCON COMPLETE TEAM PROVIDES:

- On-boarding
- Proactive configuration management
- Prevention health checks
- Maintenance and operations
- Access to CrowdStrike® security analysts
- Incident handling playbook
- Incident triage and handling
- Hands-on remote remediation

TAKING ENDPOINT SECURITY TO THE NEXT LEVEL — THE BEST PROTECTION, 100 PERCENT MANAGED AND 100 PERCENT WORRY-FREE

Falcon Complete provides the products and a seasoned team of experts to perform the tasks needed to handle all aspects of endpoint security, freeing you and your teams to focus on other important aspects of your business. In addition, Falcon Complete is covered by a breach prevention warranty* for the duration of the product subscription. The warranty* provides up to \$1 million of coverage to address any breach that occurs within the protected environment.

*Ponemon Institute, Cost of Insecure Endpoints 2018

HEALTHCARE ORGANIZATIONS NEED BETTER ENDPOINT PROTECTION

- The average cost to remediate a breach for a healthcare organization is \$6 million*
- A Healthcare data breach costs an average of \$408 per record, more than 2.5 times the global average across other industries*

* Ponemon, Cost of Insecure Endpoints 2018

KEY PRODUCT CAPABILITIES

Falcon Complete provides healthcare organizations with the technology and services you need to instantly implement and continuously run a mature endpoint security program.

UNMATCHED NEXT-GEN BENEFITS

- **Guarantees protection:** Falcon Complete comes with a breach protection warranty* that covers the costs you would incur in responding to a breach, including legal services, client notification, identity theft and credit monitoring, forensics investigation and public relations.
- **Protects against all types of attacks:** Falcon Complete protects your organization against commodity and zero-day malware, ransomware, exploits and advanced malware-free, fileless attacks — keeping you ahead of the rapidly changing tactics, techniques and procedures (TTPs) used by today's adversaries.
- **Combines the best prevention technologies:** For ultimate protection, Falcon Complete combines technologies such as machine learning for malware protection, indicator-of-attack (IOA) behavioral blocking and exploit blocking.
- **Single, lightweight agent:** Falcon Complete uniquely integrates powerful best-in-class prevention, detection and response with IT hygiene capabilities to provide continuous breach prevention in a single agent.

A FORCE MULTIPLIER: ALL THE HANDS-ON HELP AND EXPERTISE YOU NEED, WHEN YOU NEED IT

- **Getting you up and running and fully operational:** The CrowdStrike Falcon Complete Team works with your organization to get you started and assists your team throughout the deployment process. During this interactive phase, CrowdStrike helps you understand the prevention capabilities of the Falcon platform and tailors these security postures to best fit your business and security needs.
- **Freeing your IT and security teams from daily, time-consuming endpoint security tasks:** After initial implementation, the Falcon Complete Team administers the updates and maintenance of your solution, updating, monitoring and tuning Falcon to continually enhance your security posture. The Falcon Complete Team also reviews, triages, prioritizes and resolves alerts generated by the Falcon platform and Falcon OverWatch. The Team identifies whether an alert is a false positive or a true incident and responds accordingly.
- **Reducing risk with immediate remote remediation of incidents:** When the Falcon Complete Team detects an incident, it can remotely remediate it. By ensuring that all incidents are handled immediately, Falcon Complete dramatically reduces the risks of a serious breach. In addition, the Team assists with guidance and expertise to help your teams with any security concerns they might have.

IMMEDIATE TIME-TO-VALUE

- **Easy deployment:** As part of the CrowdStrike Falcon® platform, Falcon Complete requires the installation of a single lightweight 25 MB agent, without requiring management infrastructure or management consoles, making deployment easy and efficient.
- **Immediately operational:** Falcon Complete can be deployed instantly for unrivaled time-to-value. As soon as it's installed, it hits the ground running, enabling the Falcon Complete Team to monitor and protect your organization without requiring additional components, reboots, query writing, staging or complex configuration.
- **Zero impact on performance:** Thanks to its cloud-native architecture, Falcon Complete causes no additional impact on endpoints or the network.

FALCON COMPLETE FOR HEALTHCARE ORGANIZATIONS

ABOUT CROWDSTRIKE

CrowdStrike® Inc., a global cybersecurity leader, is redefining security for the cloud era with an endpoint protection platform built from the ground up to stop breaches. The CrowdStrike Falcon® platform's single lightweight-agent architecture leverages cloud-scale artificial intelligence (AI) and offers real-time protection and visibility across the enterprise, preventing attacks on endpoints on or off the network. Powered by the proprietary CrowdStrike Threat Graph®, CrowdStrike Falcon correlates over two trillion endpoint-related events per week in real time from across the globe, fueling one of the world's most advanced data platforms for security.

With CrowdStrike, customers benefit from better protection, better performance and immediate time-to-value delivered by the cloud-native Falcon platform.

There's only one thing to remember about CrowdStrike:

We stop breaches.
