## CROWDSTRIKE INCIDENT RESPONSE

Respond quickly to security incidents to stop breaches from disrupting business operations and return to normal business operations faster with the following advantages:

- Flexible Technology Deployment
- Immediate Threat Visibility
- Identity Threat Detection
- Active Threat Containment
- Accelerated Forensic Analysis
- Real Time Response and Recovery
- Threat Hunting and Monitoring
- Managed Detection and Response

# CROWDSTRIKE SERVICES

The CrowdStrike Services team is at its strongest when investigating advanced persistent threats by leveraging a combination of highly skilled forensic consultants, in-depth threat intelligence and exceptional endpoint protection technology. This approach allows the CrowdStrike Services team to efficiently investigate and contain large-scale attacks across highly distributed enterprises. These primary services include:

- Incident Response
- Forensic Investigation
- Endpoint Recovery
- Compromise Assessment

The CrowdStrike Services team also delivers proactive services such as cybersecurity maturity assessments and adversary emulation exercises to help improve your security posture and prepare your teams for a cybersecurity breach. These services are also available under a Services Retainer.

## ABOUT CROWDSTRIKE

CrowdStrike, a global cybersecurity leader, is redefining security for the cloud era with an endpoint and workload protection platform built from the ground up to stop breaches. The CrowdStrike Falcon® platform's single lightweight-agent architecture leverages cloud-scale artificial intelligence (AI) and offers real-time protection and visibility across the enterprise, preventing attacks on endpoints and workloads on or off the network. Powered by the proprietary CrowdStrike Threat Graph®, CrowdStrike Falcon correlates upward of 1 trillion endpoint-related events per day in real time from across the globe, fueling one of the world's most advanced data platforms for security.

## HOW TO ENGAGE CROWDSTRIKE SERVICES

If your client requires assistance with an incident response engagement, please reach out to the appropriate contact in the table on this page to coordinate a triage call with the Regional Services Response Team and ensure any pre-negotiated consulting rate is applied. You may also use the [Incident Response Breach Hotline](#) or email [services@crowdstrike.com](mailto:services@crowdstrike.com).

Please reference the name of your firm, the insurance carrier involved (if applicable) and the location of the client's headquarters so that you can be aligned with the appropriate Regional Services Response Team contact.
