

FALCON FOR INSURABILITY

Get cyber insurance-ready with CrowdStrike products and services

RANSOMWARE ATTACKS CAN MAKE IT HARDER TO QUALIFY FOR CYBER INSURANCE

A dramatic increase in ransomware and other disruptive cybersecurity attacks has taken a toll on victim organizations and the cyber insurance community as a whole.

Insurance providers now have higher-than-ever expectations when it comes to organizations meeting the requirements for a cyber insurance policy, and organizations of all sizes will need to show they are taking necessary steps to improve their security posture.

CROWDSTRIKE CYBERSECURITY SOLUTIONS REDUCE RISK FOR ORGANIZATIONS OF ALL SIZES

In today's threat landscape, information security leaders should enhance their cybersecurity controls with modern endpoint security solutions if they want to obtain or maintain a cyber insurance policy.

CrowdStrike has redefined security with CrowdStrike Falcon®, the world's most advanced cloud-native endpoint protection platform. The Falcon platform is recognized by insurance providers for delivering next-generation antivirus (NGAV), endpoint detection and response (EDR), threat intelligence, threat hunting, and IT hygiene solutions that lower the risk of a breach and helps pave the way for cyber insurance.

Choose from one of CrowdStrike's **Falcon Product Bundles (Pro, Enterprise or Premium)** or benefit from a fully managed detection and response (MDR) solution with **Falcon Complete™**.
